

"Sweetest Michaelmas on Earth"

**Michaelmas Eve & Michaelmas Day 2013
Hershey, USA**

Freedom & Intuitive Thinking
in the Age of Michael

*Michael—Spirit of the present age—liberates thought from the sphere of the head; he clears the way for it to the heart; he enkindles enthusiasm in the feelings, so that the human mind can be filled with devotion for all that can be experienced in the **light of thought**...Michael merely **shows** his way, so that humanity may follow it in perfect freedom. This distinguishes the present guidance of Michael from all preceding guidances of the Archangels...*

--Rudolf Steiner
